- 1. Membership rules for **all committees**: review special policies in place (e.g., unit criteria) and add where necessary (e.g., minimum/maximum number of members, representation from different units, junior/senior standing, etc.).
- 2. How are non-Senate members elected or appointed? Can a non-Senator chair the committee?
- 3. Do we need a paragraph on conveners for the first meeting?

"STANDING

1. The Curricular Affairs Committee will deal with curricular and academic policy changes on all levels except the graduate level. In addition to the non-voting ex officio member(s) appointed by the provost, the committee may add non-voting ex officio members for one-year terms as deemed necessary."

The issue of voting vs. making decisions by consensus was discussed. Membership guidelines were also discussed. Donald proposed a statement for the bylaws similar to: "Ex officio members will include representatives from [name each unit; e.g., OAR, Advising Center, eLearning, Vice Provost's Office, etc.]. Removing "one-year term" from the language regarding non-voting membership was also suggested.

Rob noted the Bylaws requirement that the committee be chaired by a Faculty Senator. He will take a crack at rewriting the bylaws for the committee.

B. WICHE Passport Initiative

Not terribly clear on this, but as I understand it, the proposal would be that we would sign off on a student having completed the oral communication, written communication, and (or) quantitative literacy portions of our General Education requirements if they have completed any or all of these at a different school. Certainly these are the easiest parts of the core to transfer. This should be pretty straightforward. Anyone object???

This topic will be discussed at the next meeting.
