## CAC GER Implementation Subcommittee Meeting Report

## October 7, 2015

The subcommittee primarily iscussed the Social Sciences bucket.

BOR description: "Courses that fulfill this requirement are broad survey courses which provide the student with exposure to theory, methods, and data of the social sciences."

The subcommittee developed the following guidelines

- 1. Interpretation of "broadly"
  - a. Regional focus is fine as long as it meets the other criteria.
  - b. Subfields are fine as long as there is no perequisite other than ENGL 111X.
- 2. Course descriptions must include all necessary criteria from BOR definition (theory, method, and data). This may require some revision of course descriptions.
